Student's CD-ROM

To the teachers and parents:

This CD-ROM contains 29 interactive computer games that your children will love.

The games on this CD-ROM have been carefully designed by educational specialists and are ideal for children aged 6–12. You can be confident that with every game the children play their English will improve and they will be encouraged to succeed.

For operating requirements, please see back cover. To use this CD-ROM, simply insert it in your CD-ROM drive and follow the instructions.
